§ 120.825 Financial ability to operate.

A CDC must be able to sustain its operations continuously, with reliable sources of funds (such as income from services rendered and contributions from government or other sponsors). Any funds generated from 503 and 504 loan activity by a CDC remaining after payment of staff and overhead expenses must be retained by the CDC as a reserve for future operations or for investment in other local economic development activity in its Area of Operations. If a CDC is operating as a Multi-State CDC, it must maintain a separate accounting for each State of all 504 fee income and expenses and provide, upon SBA's request, evidence that the funds resulting from its Multi-State CDC operations are being invested in economic development activities in each State in which they were generated.

In its Area of Operations, a CDC must market the 504 program, package and process 504 loan applications, close and service 504 loans, and if authorized by SBA, liquidate and litigate 504 loans. It must supply to SBA current and accurate information about all certification and operational requirements, and maintain the records and submit all reports required by SBA.

(b) *Operations and internal controls.* Each CDC's board of directors must adopt an internal control policy which provides adequate direction to the in-

(iii) Specific control requirements for the CDC's oversight of Lender Service Providers; and

(4) Address other control requirements as may be established by SBA.

(c) *Annual Audited/Reviewed Financial Statements.* Each CDC with a 504 loan portfolio balance of \$20 million or more (as calculated by SBA) must have its financial statements audited annually by a certified public accountant that is independent and experienced in auditing financial institutions. The audit must be performed in accordance with generally accepted auditing standards as adopted by the Auditing Standards Board of the American Institute of Certified Public Accountants (AICPA). The auditor must be independent, as defined by the AICPA, of the CDC. Annually, the auditor must issue an opinion as to the fairness of the CDC's financial statements and their compliance with GAAP.
